A warm welcome to you

Newtech Bathroomware will always come to mind when you think local. Operating for over 20 years now from the regional town of Whanganui, you can't get any more kiwi than us.

We aim to be New Zealand's leading bathroomware provider and are pleased to be in many Kiwi homes throughout the country already.

Our range of products is vast and is continuing to grow. We have our Vista Range and Laundry collection all being designed and assembled in our very own Whanganui distribution center. Our local team of cabinet-makers are able to ensure only the best of quality leaves our doors.

Customer service is at the forefront of our operations. The company values are lived by every member of the team. The goal is to provide the best customer service in the country and make dealing with Newtech the best experience for everyone.

Innovation and design is the name of the game for us. You can see it all in action at our Concept Showroom in Penrose, Auckland. Whether you're a merchant or end user walking in off the street, our showroom consultants will offer you top notch service from the moment you walk through the doors.

This catalogue is a brand new design and layout for 2022 and we have packed it full of design and inspiration just for you.

If you ever have any questions or queries, please do not hesitate to give our friendly team a call. We would love to hear from you!

A photograph of a white bathtub in a bathroom. The wall is made of light-colored, veined marble. A shelf above the tub holds various toiletries, including a bottle of soap, a brush, and a container. The bathtub is white and has a curved, modern design. The text 'BATHS' is overlaid on the image in a large, black, sans-serif font. Below it, the text 'Freestanding | Back-to-Wall | Drop-in' is overlaid in a smaller, black, sans-serif font.

How the Odour Control System Works

- 1 Expella's patented¹ Odour Control Device (OCD) is hidden inside the cistern, it is activated by either a:
 - Light switch²
 - Manual switch²
 - Automatic sensor switch
- 2 The OCD contains an in-built extraction fan that draws odours from the bowl through the overflow pipe.
- 3 Odours pass through the OCD, opening a non return valve that prevents odours returning.
- 4 Odours are discharged to the sewer.

HOW IT WORKS

Select from one of our pre-designed laundry packages with the flexibility to choose the cabinetry colour, benchtop and handles or extrusions to suit your space. All our laundry packages are priced to include cabinetry including filler panels, Quartz benchtop, handles or extrusions and a stainless steel sink.

- ✓ A wide range of small to large pre-designed packages sized from 900mm to 1940mm
- ✓ Design flexibility within each package
- ✓ Seven unique colours to choose from
- ✓ Cabinets, benchtops, stainless steel sink are included in the price - sink mixers are sold separately.
- ✓ A left/right/centre sink placement option (depending on size) is available throughout the packages
- ✓ All cabinets are fully assembled and ready for installation (we recommend installation by a licensed building practitioner)

This extended warranty only covers Newtech bathroom ware products, and will not extend to products which you have selected outside our product range. This extended warranty only applies to defects which have arisen solely from faulty materials or workmanship in the Products and does not apply to other defects which may have arisen as a result of, without limitation, the following: accidental damage, abuse, misuse, maltreatment, abnormal stress or strain, harsh or adverse weather conditions, including excessive water pressure or temperature, or neglect of any kind of the Products.

As per the Building Code Compliance documentation, the maximum temperature sanitary ware can be subjected to is 55 deg C. Any warranty assessment where the temperature of water for sanitary ware is above 55 deg C will be declined. The tempering valve must be subject to and comply with NZS4617 or AS1357.2

Alterations and repairs of the Products other than by a Newtech pre-approved service person are not covered. For the avoidance of doubt, attachment of accessories or use of non-genuine replacement parts other than those manufactured or approved by Newtech are not covered by this extended warranty. This extended warranty for the products commences from date of purchase or for new buildings on the date of handover for the relevant period set out in the warranty period. In addition to this extended warranty, certain legislation may give you certain rights which cannot be excluded, restricted or modified. This extended

warranty must be read subject to such legislation and nothing in this warranty has the effect of excluding, restricting or modifying those rights. Newtech warranty periods have changed over time so dependent on when you purchased your product the warranty period may be different to what is stated in this publication.

To make a warranty claim, the following documentation must be emailed or faxed to Newtech:

Name/model of product and photographs of the issue, if available; Proof of installation by a licensed plumber and/or proof of purchase; Your contact details; name, address and best contact phone number; Handover documentation for new homes. Consequential loss to the extent permitted by law Newtech will not be liable for any loss or damage to furniture, floor coverings, walls, fixtures or any other consequential loss of any kind caused by any defect in the products or components.

Warranty certificate or equivalent documentation must be supplied for warranty claims to be considered. If the cost of returning any defective parts is unreasonable, please contact Newtech so that if appropriate, we can arrange a collection.
