Start today by visiting our website or your local Plumbing World Home store. As for the inspiration, just pick up a free copy of our **By Design** guide at your local showroom or view online at plumbingworld.co.nz

The Bathroom planning process

Five steps to bathroom perfection

Your bathroom — a lot goes on in it! With your vision, plus our inspiration and practical guidance, you can create a space of trouble-free calm, where everything's balanced, beautiful and seamlessly functional.

Our design experts are on-hand to help you navigate your way through the planning of your perfect bathroom. Here are their steps on how to start.

St Michel City 50 Vanity with Cherry Pie Top and Smart-B Ceramic Basins

1 Establish the practicalities

The first step is to define what you need your bathroom to do. Are you planning something tough enough to stand up to the glorious chaos of family life? An oasis of calm for your ensuite? A delightful guest bathroom that won't be used much? There are fittings with functionality to suit a busy family bathroom, and others that are perfect for a luxurious ensuite or guest bathroom. Knowing which will work best gives you an excellent starting point.

2 Define your style vision

Your new bathroom is a chance to bring your style to life. Come into the nearest Plumbing World Home to see and feel items in person. When you find something you like, ask yourself, "Why does this appeal?" You'll quickly see your bathroom vision taking shape, which will make finding the right fixtures and fittings easy. You can see examples of some on-trend bathroom styles on page 48.

3 Talk to the experts

You've found your dream products — now it's time to check in with some experts. Our team can make sure all the technical details are right, and if you need help choosing between a few options, they can give you insights to help you make the perfect choice.

4 Play around with layout

When thinking about bathroom layout, consider the space you have and how the fittings will be used, so you'll be able to move fluidly around your bathroom. Explore different options with a scaled sketch of your bathroom. Then arrange shapes representing your bath, shower, vanity and toilet to find the best positioning. To make this process really simple, Google 'Plumbing World Bathroom Planner' to find our handy downloadable template.

5 Add (even) more storage

Even if you've already planned for storage, it's worth checking to see if you could add more. If you look closely, you may find lots of unused spaces that would be perfect spots for open shelves or cupboards. Showers with recesses to hold shampoo and body wash are a great way to keep the shower tidy, and don't forget hooks for your bathrobe and towel.

Get the look

Complete your style

Found a look you like? Come and see our experts instore and they'll match you with products suitable to New Zealand conditions. To book a consultation simply go online to plumbingworld.co.nz/book-a-consult. Here are a few examples of how we bring different styles to life.

Industrial design

Raw, unfinished concrete combined with a rustic wooden accent contrasts dramatically with the basin and bath's high-gloss finish. The colour palette of grey and neutral makes a space seem larger, while the warm wood tones soften the harshness of concrete grey. This is industrial design simplicity at its finest.

\$228
LEVPIAVESMW

LeVivi Oxford
Wall-Hung Vanity
\$1601
LEVOX1200WOAK

Organic design

Warm wooden accents and tactile soft shapes give this bathroom a luxurious touch, and make the space feel warmer. The clean straight lines of the basin combines seamlessly with the natural wooden vanity top for a restful bathing experience.

LeVivi Zara
Robe Hook
\$32
LEVZARHCP

Storage Cabinet
\$914
LEVOX1000SCWO

Contemporary

This black and white contemporary bathroom mixes straight lines with elegantly curved shapes creating an eye-catching architectural feel.

The marble effect in the wall and floor coverings adds warmth and space while the contrast between light and dark allows form to be the star of the show.

LEVOPSS12WDSCO

Coastal design

The coastal bathroom uses muted beach tones, and a mix of textures to create a relaxing modern space. Using a simple design in natural shades and materials, such as timber combined with crisp white, generates an appealing space that feels calming and restful.
